## GENERAL INFORMATION

TERMS—CASH WITH ORDER, PLEASE.

PRICES are net.

Orders of \$1.50 or more are postpaid. For less than \$1.50 please include \$.25 for postage and packing.

PLEASE STATE SHIPPING DATE. All orders will be well packed and all roots are guaranteed true to name and in growing condition. If unsatisfactory upon arrival, or they fail to start in a reasonable time, return at once and they will be replaced. However, very early shipments are sent at customers risk of freezing, drying or rotting.

We have a fair root crop of most varieties this year. However, our stock of quite a number of varieties is limited, which makes it necessary that we **LIMIT THREE ROOTS TO A CUSTOMER**. Kindly write us if you desire to order more than three of a variety. If we have them in stock we will be glad to supply you.

One free root of our selection given with each root order, as mentioned in our advertisement in the Flower Power. Does not apply to wholesale or plant orders. With a few exceptions this has always been our policy and we are glad to do it.

We suggest that you order your dahlias early. All orders will be filled in rotation. We will be glad to reserve them for you and ship them at any time you desire. To save possible disappointment and extra correspondence, may we suggest that you make a second choice of roots when ordering.

Our gardens have been state inspected and have been found to be free of dangerously injurious insects and plant diseases.

Spray your dahlias for best results. Leafhoppers are the principal offenders in our locality. Try spraying with D. D. T. every 10 days after they come up for a while and see if they do not do better for you.

We extend a cordial invitation to visit our gardens during the growing season. Visitors are always welcome. In addition to the dahlias we have recently added several hundred hardy chrysanthemums to our gardens which should prove an added attraction. Our gardens are located five miles east of Fairmont on the Winfield road at the village of Winfield.
